

GMS Girls Soccer – Commonwealth Conference Champions - 2022

GMS Girls Soccer: The GMS Lady Cougars had a great Fall 2022 season. We rostered 26 players, 15 of which were 8th graders. This was one of largest 8th grade groups the middle school has ever had.

Within the Commonwealth Conference this season we were able to play both A and B level games. This gave all players an opportunity for more field time which only increased our skill and experience throughout the season.

This season we amassed a 14-1 record outscoring our opponents 74-12. The team was both the Commonwealth Conference season champion and the tournament champion. This is the first time for both awards within the Commonwealth Conference for the Lady Cougars.

A high-powered offense with a solid defense turned out to be a dominate combination. The team worked hard in the off-season and created a culture of fast and aggressive play in practice which prepared us for such an impressive season.

We are pleased to see our 8th grade group move up and mix in with our JV and Varsity groups next year. We see special things possible for this group and believe they will work extremely hard to accomplish the highest of goals they've set for themselves.
