RE: Holmes High School Administration Bldg.
Temporary Boiler Option #4

Dear Eric:

We are pleased to offer our proposal to provide a temporary boiler system for a period of (3) months beginning December 12, 2022 at the above referenced building.

This to consist of the following:

- Furnish and install one York-Shipley 100HP steam boiler system, trailer mounted
- Pipe, valves and fittings required to connect the temporary unit to the existing system of piping
- Electric and control work
- Provide maintenance and servicing of the system during the rental period
- Labor to complete this installation

This can be performed for the sum of Seventy Nine Thousand Dollars (\$79,000.00).
The temporary boiler is available for immediate use, subject to prior rental.

If you should have any questions, please call.

Sincerely,
Joseph Salazar
