Recommendation/Motion: Accept the FY23 KETS Offer of Assistance

Background/Rationale: The School Facilities Construction Commission recently made an official FY23 KETS Offer of Assistance to Fayette County in the amount of \$460,246. KETS funds are used by the district to purchase student and staff devices, help fund the Student Technology Leadership Program (STLP), and provide professional development opportunities for teachers and staff. Accepted KETS offers of assistance must be matched by the district. KDE requires that the Board and Superintendent take action to accept the KETS offer.

Strategic Priority:

- ☐ Student Achievement ☐ Diversity, Equity, Inclusion & Belonging
- ☐ Highly Effective & Culturally Responsive Workforce
- ☐ Stakeholder Engagement & Outreach ☒ Organizational Health & Efficiency

Data Considerations: Expand participation in STLP, maintenance of replacement cycle of student and staff devices, and provide additional opportunity for professional learning for school and district staff.

Policy: 01.11 – General Powers and Duties of the Boards

Fiscal Impact: KETS Offers provide funds to the district to support the implementation of technology related projects, equipment and training. These funds are provided by the state and used each year to purchase student devices, provide training to staff, and support programs such as the FCPS STEM bus. District match funds are used each year for technology salaries, e-rate eligible projects, and other technology items. These funds are included in the budget each year and do not require additional expenditure or an increase in the budget.
