

Estimate For McHenry Community Center Kitchen

The Kitchen in the community center needs a lot of addressing to update and to improve. The following will be done per speaking with treasurer. Existing doors on cabinets and cabinets, will be painted. New handles will be installed. Additional cabinets will be installed moving the hood that is 8ft in air down to the appropriate level. Hood with blower motor and light will be changed. Kitchen sink will be fixed to where there will be appropriate and leak free plumbing. Countertop will be changed as well. Appliances will be updated by city, but cabinets will be fit to go where openings are made. Materials and labor will be \$7,600. RC Mechanical & Construction is insured and licensed.

This estimate is good for 10 Business days from the date of 10/27/2022. Materials vary day to day on rising prices.
