

EHS Student of the Month – December 2022

The EHS student of the month for December is Jacob Hare. Jacob is a strong, senior student with a GPA of 3.8. He describes himself as confident, enthusiastic and curious. Jacob enjoys exercising (Olympic lifting, powerlifting, and cycling), playing video games, and hanging out with friends. Jacob's activities include four years of Archery as the team captain, two years on the Track team, Skills USA President, four years on the Drama team, and one year TSA. Some of Jacob's awards include Skills USA state champion and National Finalist in Robotics & Automation. Jacob was also a three star Thespian member of National Thespian Society. Jacob is considering the University of Kentucky, Maryland, Princeton, Columbia and NYU where he will study Bio Medical & Mechanical Engineering where he will focus on prosthetics.

Here are some comments from his teachers:

Mr. Yates (AP US Gov): "Jacob is a one-of-a-kind student. He is always thoroughly engaged, intellectually stimulating, and challenges me as a teacher to be better. I have enjoyed so much having him in class this year and know so much of the rest of the year will be as enjoyable! "

Mrs. Breunig (AP Lit): "Jacob is a pleasant, friendly, hardworking student. He particularly enjoys classroom discussions and friendly debate, and he always enjoys a good challenge. He always comes into my 2nd period AP Literature class with a smile and a friendly demeanor. To give you an idea of the person that Jacob is, here's how he ended one of the personal essays he wrote this year, where he was reflecting on his high school years and what he has learned: "I've learned the value of taking it day by day. I learned to be in the moment and enjoy it and just to be happy with what I have. It's a bitter-sweet thing leaving high school behind but it's made me value every little moment I had. I wish it didn't go by so fast...I'm excited to start the next chapter of my life and see what life holds for me next." Jacob's a great representative of our school and I'm so happy for him to have been selected as our student of the month!"

Mr. Cantrell (Guitar): "Jacob brings so much energy, excitement, and positivity to my class! He is a great overall student."

Mrs. Mills (Engineering): "Jacob is one of my most talented engineering students. He is very creative in his ideas for projects. He is also that student that I can always depend on no matter what I ask of him. He is ready to get it done. He is an awesome classmate as well. He assists anyone that needs help. I have loved having him as a student for the past 3 three years. I will miss him next year as he moves on to college but I know he is going to be successful in the future."

EHS is proud to recognize Jacob Hare as the December Student of the Month
