Kelly Lamb

Kelly Lamb has been a great addition to Lancaster Elementary. She always has a positive attitude and a smile that greets each student and person that comes through our doors. Mrs. Lamb is the front and center face and voice of our amazing office squad at Lancaster Elementary. As our school receptionist, she is most often the first person you talk to when you call and the first person you see when you visit the building. Mrs. Lamb has a special type of kindness and grace that makes her an exceptional asset. What's most impressive is her ability to maintain these qualities even as the stress level of a busy office rises. She makes high quality customer service look easy and is an excellent role model for those of us who work with her.
