Superintendent Prior Approval: Yes

Recommendation/Motion: A motion is in order to approve the Pro Sound and Lights contract to install sound reinforcement and stage lighting production materials for the gymnasium stage.

Background/Rationale: In support of student programming. Leestown Middle School seeks to enter into a contractual agreement with Pro Sound and Lights to provide the gymnasium stage with sound reinforcement and state lighting. In consideration of the effective and responsible use of federal funds, and base upon a comprehensive assessment of needs, Leestown Middle School has identified a gap in having sufficient audiovisual materials and equipment that will support instructional direct services. The acquisition and installation of sound reinforcement and stage lighting in the gymnasium stage area will provide students teachers, and staff access to the full scope of our comprehensive curriculum and extensive learning and showcase opportunities.

Strategic Priority:

- ☒ Student Achievement ☐ Diversity, Equity, Inclusion & Belonging
☐ Highly Effective & Culturally Responsive Workforce
☐ Stakeholder Engagement & Outreach ☐ Organizational Health & Efficiency

Data Considerations: Data consideration include the school's intensive comprehensive needs assessment and the school-based allocation of federal funds through ESSER and Title I programs. The opportunity to fulfill the need of providing the gymnasium stage with sound reinforcement and stage lighting is aligned with available funds, an allowable use of those funds, and the expansion of teaching and learning as a direct result of these resources.
