Re: March 20th Board of Education Meeting Student Recognition: NBHS Cheer National Title

In February, the NBHS Cheer Team traveled to Disney to compete in the Super Large division. The team had two zero deduction routines on finals day and ended with a 92.2 overall, of which 34.5 of 35 was the cheer. At the end of the competition, the team traveled home with two titles: NHSCC Super Large NT Champions & WSCC Super Large NT Champions - the first ever National titles for North Bullitt Cheer!

About their performance, head coach Destiny Watson, had this to say: “After our kids hit their first two stunt sequences in Finals, we knew they would feed off that energy and keep going. They absolutely killed the cheer. It was so amazing, for it wasn't just North Bullitt parents in the stands yelling our cheer, it was the Bullitt East cheer program, and their parents! The arena was electric and our cheerleaders fed off that - it was absolutely beautiful cheerleading. Our girls then moved on to the second half of the routine and nailed everything. As soon as I saw our top girls come out of their inversions, I knew they had done it.”

**Congratulations, North Bullitt High School Cheer!**
