

Grandview Elementary
SBDM Board Report
February 22, 2023

GES Teacher Commitments

- Kentucky Standards
- The Bellevue Classroom
 - Community
 - Discourse
 - Thinking Strategies
 - Workshop Model
- Follow GES Master Schedule
- Weekly lesson plans submitted in Google drive
- Send weekly grade level newsletters in Thursday folder (display on bulletin board)
- Display student work with learning target and standard listed 2x/month
- Use Scholastic for reading and Unbound Ed for math

Valentine's Parties

- Valentines is a big day in elementary school! The students were so excited to bring in treats and share their Valentines with their friends and teachers.

Curriculum Update

- Grandview has adopted *Studies Weekly* for the remainder of the school year. 4th Grade will utilize this resource for Science and 5th Grade will utilize it for Social Studies.
- We evaluated 5th grade writing plans for the remainder of the school year. Fifth grade focus will be *On Demand* writing and *Opinion* writing to address KAS standards that have not yet been mastered.
- We are currently working on developing grade level Literacy Pacing Guides for all grades. Next steps are to create math, science and social studies pacing guides for all grade levels. These guides will be rolled out to teachers during summer professional development. Teachers will collaborate to add learning targets to each content area. I have attached our completed 5th grade Literacy Pacing Guide for your reference.

MAP Assessments

Kindergarten through 5th grade Reading and Math Winter MAP assessments have been completed. The following charts are attached for your reference:

- Grade level Fall-Winter comparison data chart (Reading and Math)
- School-wide student Growth Report (Reading and Math)
