

Annual Grace James Academy and W.E.B DuBois Academy Knowledge Bowl—Lantern Award

The lantern is a tool that helps wanderers/explorers find their way. It is also a tool carried by the leader of a group to assist those who follow to see where they are going. Lastly, the lantern is a symbol of enlightenment and discovery. Both the Grace James Academy of Excellence and W.E.B. DuBois Academy serve as lanterns to those who attend.

This lantern will be passed between the schools as they set a tradition of excellence and enlightenment. The winner of the annual Black History Knowledge Bowl will keep the lantern until beaten by their sibling school.

The first school to wield the lantern is the Grace James Academy of Excellence. May you continue to learn, lead, and light the way.
