RE: Update Prime Date Report – Girls Basketball

To update you on the current status of the Prime Date report for the 2022-23 girls' basketball season, I am submitting a report of the twenty-eight (28) KHSAA member schools that were not in compliance with the Prime Date Policy at the end of the season. According to my reports submitted to the Board of Control from this school year 28 schools, thirteen (13) member schools were not compliant at all three checks throughout the season (first playing date, middle of the season, last playing date). Those 13 schools are as follows:

Danville Christian
Elliott County
Green County
Hickman County
Lafayette
Letcher County Central
McCreary Central
Newport Central Catholic
North Hardin
Ohio County
Oldham County
Paintsville
Tates Creek

For reference, of these 13 schools, the five (5) that are highlighted were also on the list of the 38 schools not meeting it during the 2021-22 season. The chart attached shows the 28 schools not in compliance at the end of the season and also shows their progress throughout the season. I will follow up with these 13 schools and have a final report at the May meeting.
