“Maximizing Student Learning and Achievement”

February 24, 2023

We are asking for permission to accept donations for our senior activity account. We would be using these donations to help us pay for end of the year activities for our current senior class. We will be having Senior breakfast, Senior lunches, snacks, etc available for our seniors during that last week of school for them. We are hoping to have some fun activities for them as well. People/companies would be donating monetary donations as well as food donations.

Thank you,

Rachel Riddle
