GES MATH MADNESS

GES MATH MADNESS was a huge success. Families ate dinner 5-5:30 while BHS girls and boy varsity team show their mad basketball skills. Each family then rotated through four grades specific (K-1st, 2nd-3rd, 4th-5th) rotations that focused on the different math domains. At the end of the evening, three basketball gift baskets and a signed BHS Girls/Boys varsity basketball was raffled off! Great family event!

KDE Visit Feedback 3/15/23

- Classrooms environments allowed for student learning risk-taking. Students are very comfortable
- Classroom management and student behavior excellent
- Classrooms following master schedule and teaching content
- Student discourse was happening in every classroom (a lot of “turn and talk”)
- Teachers referred to learning targets
- Student engagement without technology
- Good transitions - not a lot of lost instructional time
- Instructional minutes were maximized
- Content area vocabulary use and students verbalized understood

KDE suggested next steps:

- Admin team will differentiate professional learning for teachers
- Principal will share engagement strategies to promote various student discourse in weekly staff newsletter.

GES Teacher Commitments

- Kentucky Standards
- The Bellevue Classroom
 - Community
 - Discourse
 - Thinking Strategies
 - Workshop Model
- Follow GES Master Schedule
- Weekly lesson plans submitted in Google drive
- Send weekly grade level newsletters in Thursday folder (display on bulletin board)
- Display student work with learning target and standard listed 2x/month
- Use Scholastic for reading and Unbound Ed for math
