Background/Summary of Information

To meet the growing medical needs of our students, we are asking the Board to create two Medical Assistant / Certified Nursing Assistant positions. These staff members will be delegated daily medications and lower level triaged needs to allow our RNs to focus on diabetic and chronic health concerns. One of these positions will serve with the RN at TES, the other will serve the ELC and Hillview.

There will be a partial cost offset by not filling one of the open nursing positions in the district. The additional cost to the General Fund will be \$16,000.
