Superintendent's Message

In Floyd County Schools, we believe *in providing amazing opportunities for all students and that is why we are excited about the Floyd County Early College Academy (FCECA)*. The FCECA is a program designed to meet the needs of students who excel academically. In addition, FCECA students often establish personal goals and convey their motivation to be successful at an earlier age.

FCECA students will enjoy the best of both worlds. They will be earning college credit on a college campus while still participating in co or extra-curricular activities at their "home" high schools.

Students from all Floyd County high schools are eligible to apply through a competitive application process. Students will be selected for admission during the second semester of their sophomore year. Those who gain admittance will attend classes at the Big Sandy Community and Technical College in Prestonsburg. Students will be provided a rigorous academic program. The goal is for FCECA students to complete high school graduation requirements while they, also, complete their associate degree.

In addition, our district seeks to ensure our students gain leadership skills. Thus, we stress the importance of FCECA students participating in community service to increase their post-secondary readiness.

This handbook outlines specific expectations, requirements and criteria and hopefully will answer most, if not all, of your questions. If you need additional information, please contact your school counselor (PHS 606-886-2252, BLHS 606-263-6280, FCH 606-358-9200) or our Chief High School Director at 606-886-2354.

Respectfully,

Anna W. Shepherd

Superintendent, Floyd County Schools

President's Message

Dear Prospective Student:

Welcome to Big Sandy Community and Technical College and thank you for your interest in the Floyd County Early College Academy. Participation in the Early College Academy is a unique opportunity to take coursework on a college campus that leads to completion of a college degree while still in high school.

The faculty and staff of Big Sandy Community and Technical College are dedicated to helping students succeed in accomplishing their goals. They strive to create engaging and meaningful educational experiences that light your fire for higher education. Our Library offers individual research assistance and can help you with email and Blackboard, our learning management system. We also have an Academic Center for Excellence (ACE) that offers students' academic assistance in all subject areas. Students may receive one-on-one homework help, small group homework help, assistance writing papers and performing research, and other academic support services. Assistance is available by appointment and on a walk-in basis in the campus Library and even online through a Chat feature.

Should you participate in the Early College Academy you will be a Big Sandy Community and Technical College student in every way. You may participate in student organizations, honor societies and clubs; you could serve on the staff of the college's award-winning newspaper, the Big Sandy Buzz; you are eligible to run for student government. As if you don't find a club you like – you could start one!

We are honored to be a partner with Floyd County Schools in the Early College Academy. We look forward to meeting you and seeing how we can best support you as you seek to make the most of your education journey.

Sincerely,

Admissions Process

Enrollment in the Academy is open to all our students and is a competitive process. The next few pages will discuss how applications will be scored. There is an eight-part scoring rubric or guide that is heavily weighted toward academic performance and attendance. We believe that students who can demonstrate past academic success and who realize the importance of being in school every day have the best chance for success in the demanding academic environment.

Completed applications are due to your high school counselor by the close of business on the last day of February to be considered for priority placement. Applications submitted between the last day of February and the last day of April will be considered based on available spaces in the Academy. 10 students will be accepted to the Academy each calendar year. (Academy enrollment is subject to fluctuation pending changes in funding and or ties in scoring).

Applications will be scored by a scoring committee composed of FCS staff. The point values are listed below.
