

***Garrard County Schools/Danville Office Equipment Support Staff of
the Month
April 2023***

Food Service Back-Up Managers are:

- Beth Gettler – Garrard County High School
- Debbie Coffey – Garrard Middle School
- Danada Berry – Lancaster Elementary
- Shana Stacey – Camp Dick Robinson Elementary
- Lindsay King – Paint Lick Elementary

They provide support by backing up our Cafeteria Managers any time they are absent from our kitchens. Each of these valuable individuals has been acting as a back-up to their kitchen manager for at least the past 5 years. This dependable support takes an enormous amount of stress and pressure off the Food Service Management Team. It enables our Nutrition Managers to attend conferences for training or take a sick day and still be confident the students are taken care of. They can be sure that their back-up will run the meal service smoothly in their absence and ensure that the daily deposit is taken to the bank.

Thank you, Ladies. We sincerely appreciate the support you have been providing and you truly deserve to be recognized as April Support Staff of the Month.
