REGIONAL MEETINGS

Regional Presidents will be responsible for get-acquainted activities during their regional meeting on Wednesday evening.

The second Regional Executive Council Meeting will be to plan for the year. Presidents should have an agenda ready and each officer should be ready to do their part (ex. Vice Presidents of Programs should have some regional goals ready to present/discuss, etc.).

On Wednesday evening we will be having an outdoor activity with a knowledge bowl competition so each region can have two teams of 5. On Thursday evening each region will be asked to develop a talent/variety show activity that includes all of your regional officers and/or advisers.

NOTE:

No member may attend unless under the chaperonage of an adviser from the member's local district.

A male and female chaperone are required if you have both genders attending camp.

Extra people are not allowed to attend camp UNLESS they are serving as a gender chaperone.

This is a time for advisers and officers to bond and get to know each other better, and there is not room for extra people.

Time Capsule: We will be placing additional items in the time capsule and presenting to the camp staff. So be sure and bring items in a gallon sized zip lock baggy if you have not placed anything in the capsule at state or have additional items you would like to submit. This will take place during the closing session.

We will also have Rae of Sunshine Socks for sale.

This year the state officers have decided to have a contest for which officer receives the most money they will get a pie in the face. I also have volunteered to be in the contest! So make sure you empty your piggy banks and make your favorite FCCLA member enjoy a pie! Funds will go toward the Rae of Sunshine and Scholarship account.

Please inform the State Adviser by May 1st if no one will be attending the conference in your officer position.

Enclosures: Medical Release Form, Regional Advisers List-will be sent at a later email.

TRIP TO:	emPOWER everyone Conference
METHOD OF TRANSPORTATION:	Plane
ACCOMMODATIONS:	MGM Grand Hotel (Conference Host)
EDUCATIONAL OBJECTIVE/ CURRICULUM CONNECTIONS:	Workflow and automation for Microsoft products. This will help with our technology and finance plans to reduce paper and automate procedures in our department to work faster. In addition to our technology plan, The state purchased Microsoft A3 Base Line Security for our district and this conference would allow members of staff to understand how to use Microsoft tools at a deeper level to help with automation, security, finances, and apps. This would also allow these departments to collaborate on projects after learning how to use the different tools and implement them. This conference could help these departments reduce cost on other programs that might not have been available to our district prior to the state's purchase. These integrations will support Munis and training will follow to school support staff after implementation. This conference supports finance, technology, and the business side of school management.
