

***Garrard County Schools/Whitaker Bank Teacher of the Month
April 2023***

Mrs. Emily Arnold has a passion for teaching and a desire for all our students to achieve their goals. She always brings a high energy level and always sets high expectations. She has worked hard to build two strong CTE pathways for our students. She has a 99% pass rate on the End of course exams for her pathways throughout her tenure here at GCHS. She loves serving our community through her culinary classes and her class was a huge success on GCHS 1st Curriculum night. Parents had the opportunity to make sushi, crepes, and sample some amazing desserts. Our students greatly benefit from her pathway as they receive certifications that allow them to work in the fast-food industry. These certifications give our students an advantage as they pursue jobs for Co-Op. Many students can compete at high levels. Her competitive spirit has allowed our students to compete in nationals in California. Mrs. Arnold is a shining star. Thank you for all you do!
