## Boys/Coed and Girls State Swimming Ballot (Only Swim Schools Should Vote)

### OPTION 1

- Continue to have 40 swimmers advance from the regional meets.
- Continue to advance 18 automatic qualifiers (2 from each region) and the same number of at-large qualifiers (22 statewide) from the regions.
- Insert an intermediate round (i.e. semi-state, state first round, etc.) with two to three sites.
- This could include consideration of rotating region pairings/groupings where geographically feasible and likely allow the season to start one week earlier to accommodate additional week at the end.
- This format could also allow for realignment to eight or 10 regions if needed due to postseason region combinations.
- Then following this state first round, bring the top 24 competitors in each event to a state preliminary and final competition.

### OPTION 2

- Advance a total of 32 competitors in each event from the region to the state.
- Reduce the number of at-large qualifiers to 14 per event, leaving the 18 automatic qualifiers, two from each region.
- Then bring only the top 32 in each event to the state preliminaries and finals state meet.

### OPTION 3

- Advance a total of 32 competitors in each event from the region to the state.
- Reduce the number of automatic qualifiers per region from two to one. This would make swimming and diving unique from the other individual sport where two per region are automatically advanced.
- Increase the at-large qualifiers to 23 statewide.
- That would set the field to a total of 32 per event to the state preliminaries and finals state meet.

### OPTION 4

- Advance a total of 24 competitors to the state meet in each event.
- Advance six at-large qualifiers statewide per event.
- Advance the 18 automatic qualifiers, two from each region.
- This would bring 24 in each event to the state preliminaries and finals state meet to ensure capacity will hold the meet and allow for other potential schedule changes.

### OPTION 5

- Advance a total of 24 competitors to the state meet in each event.
- Advance 15 at-large qualifiers statewide per event.
- Advance nine automatic qualifiers, one per region. This would make swimming and diving unique from the other individual sport where two per region are automatically advanced.
- This would bring 24 in each event to the state preliminaries and finals state meet to ensure capacity will hold the meet and allow for other potential schedule changes.
