RE: Norton Healthcare High School Academy Program

DATE: May 9, 2023

I am requesting to do a brief presentation with North Healthcare at the Board of Education Meeting on May 22, 2023. Bullitt County Public Schools has a partnership with the Norton Healthcare High School Academy Program.

The Norton Healthcare High School Academy Program is designed for high school students who have an interest in pursuing a healthcare career. Participants will receive hands-on experience while working 12 hours a week as interns alongside an experienced Norton Healthcare employee. Positions are paid, but not eligible for benefits.

The program runs through both the fall and spring semester of the academic school year. Job offers are dependent on successful completion of pre-employment requirements. Adrienne Hibbs and Leslie Martin will be speaking on behalf of the program. We currently have students involved in this program.
