From: Brandy T Haley, Director of Accountability & Assessment

Re: Professional Development Plan & Continuation of Learning Plan

The Professional Development Plan & Continuation of Learning Plan are the last two components of the district improvement planning process.

The Professional Development Plan is our district plan for providing professional development to support our district goals addressed in the Comprehensive District Improvement Plan. This plan will be implemented during the 2023 - 2024 school year.

The Continuation of Learning Plan is our district plan for implementing non-traditional instruction to provide a continuation of learning during times (both short-term and long-term) when in-person instruction may not be feasible to ensure there is no loss of learning. This plan will be implemented during the 2023 - 2024 school year if needed.
