Positive Developments and Highlights KDE Associate Commissioner David Couch informed staff at the state championship of a recent development where changes in Nintendo's software have alleviated concerns with network security on the KY K-12 Internet Service. Schools should be able to participate in both Nintendo Switch titles on the KY K-12 Internet Service next season. District IT staff can contact KDE for clarification.

Issues of Concern (legal, playing Rules, fiscal management, etc.) Coaches and administrators have voiced concerns with the length of season due to the two championship format utilized by PlayVS.
