**Championship
Update/Review**

Final preparations are underway for the 2023 State Championship. Staff conducted a site visit at Top Seed Tennis Club on May 1 to meet with the venue's Tennis Pro and new General Manager. I am working with staff at the Univ. of Kentucky to schedule a pre-event meeting at that venue as well. I conducted a virtual meeting on May 2 for the regional managers and Jonathan Hicks from Universal Tennis Rating to cover our postseason instructions and address any questions they had prior to their events.

The State Tennis seeding meeting and draw will take place the morning of Friday, April 26. The brackets will be posted to khsaa.org as soon as they become available.

**Officials
Update/Review**

In the evaluation of last year's event, staff made the decision to have a chair official for all of the state championship semifinal matches. I have been working with the Kentucky Tennis Umpires Association (KTUA) to secure the additional official(s) for the final day.
