Priority is given to students who are 15 years of age or older during the school year in which they enroll in a technical program. Access to programs is not denied to younger students who desire to use the facilities of technical schools for career education experiences designed to produce occupational awareness, orientation, exploration, and limited work exposure. High school students desiring to attend the technical school should contact the high school counselor or other designated school officials to plan enrollment procedures.

Students must dress in accordance with specific safety regulations established by the teacher(s) in each program. Cyber bullying involves the use of information and technology such as e-mail, instant messaging, the publishing of defamatory personal web sites, and online personal polling websites that are used to support conscious, willful, deliberate, repeated, and hostile behavior by one or more people with the intent to harm others. On-line harassment or threatening is **cyber bullying**.

To effectively participate in the democratic process as adults, students must learn to respect the rights of others and to interact with them in a civil manner. Therefore, students are required to speak and behave in a civil manner toward students, staff, and visitors to the schools.

ACTIONS NOT TOLERATED:

- The use of lewd, profane, or vulgar language is prohibited.
- In addition, students shall not engage in behaviors such as hazing, bullying, menacing, taunting, intimidating, verbal or physical abuse of others, or other threatening behavior.
- This policy extends to any/all student language or behavior including, but not limited to, the use of electronic or online methods (cyber bullying).
- Such behavior is disruptive of the educational process and interferes with the ability of other students to take advantage of the educational opportunities offered.

KRS 158.148(1)(a) "bullying" means any unwanted verbal, physical, or social behavior among students that involves a real or perceived power imbalance and is repeated or has the potential to be repeated:

1. That occurs on school premises, on school-sponsored transportation, or at a school-sponsored event; or

KRS 158.148(1)(b) This definition shall not be interpreted to prohibit civil exchange of opinions or debate or cultural practices protected under the state or federal Constitution where the opinion expressed does not otherwise materially or substantially disrupt the education process.

Students who violate this policy shall be subject to appropriate disciplinary action.
