Services

Contractor agrees to perform the following services (hereinafter "Services") of a quality and in a manner that is within the highest standards of Contractor's profession or business. The Services are as follows:

**Strategic Planning (8 days):** These planning sessions are customized and occur with expert EL Education staff members and the district leadership team. Sessions inform the design of the partnership plan and occur at critical points in the year to monitor progress on implementation goals and adjust the plan to ensure clarity and alignment with the district's needs and goals of the pilot. These meetings are a combination of in-person meetings along with weekly phone/virtual touch points.

**District Level Coaching Days (6 days):** Virtual and/or in person coaching sessions with district leadership team to support alignment and collaboration for implementation support. These meetings provide support for collaboration within and across grade levels to norm district expectations and support

for additional district team capacity-building. EL Education will support the district in co-developing cycles of professional learning and provide multiple, consistent touchpoints for engaging in the work together for successful implementation.

Instructional Coaching Cohort (2 days or 8 sessions of 1.5 hours) 125 participants: Tailored for those serving in instructional coaching capacities, this structure brings together coaches across a district to engage in collaborative data analysis, new content learning, and sharing of best coaching practices with the support of an EL Education lead.

Quarterly Leadership (2 days or 8 sessions of 1.5 hours) 125 participants: This provides for EL Education's virtual or in-person attendance at key principal meetings quarterly to support implementation of the pilot and build a collective vision for high-quality implementation. These sessions will be used to build leaders' capacity for leading implementation in their schools--including analyzing and evaluating data to make decisions about teacher supports and coaching cycles. If sessions are conducted virtually, they can be split up into shorter sessions over more than 4 days.

Implementation Monitoring and Data Collection: Calibration and Guided Implementation Support (3, 2 day sessions): These critical data gathering and analysis sessions provide a framework for monitoring implementation of EL Education's Language Arts Curriculum. Participants in the Guided Calibration training will align on classroom look-fors and will receive an orientation to the Dimensions Data Platform. The Calibration and Guided Implementation Support team will work with the EL Education specialist to design a data collection strategy, to include classroom visits at a sampling of schools across the pilot, to measure implementation progress in classrooms and assess the effectiveness of delivered professional learning. Initial calibration, data collection, and follow up debrief sessions may all be conducted virtually.

School Based Coaching (132 days): These coaching sessions provide a framework for monitoring implementation of EL Education's Language Arts Curriculum and provide the tools necessary to collect, synthesize and share data to monitor and inform curriculum implementation. These coaching sessions include EL staff, administrators and school-based instructional leadership teams and teachers. On each of the visits, the team will engage in a norming session on walkthrough indicators of focus, learning walks and a debrief protocol with targeted next steps that instructional leadership teams can replicate in their schools. Guided implementation monitoring visits can occur in person or virtually.
