Application Process:

All 9th – 12th grade Floyd County students are eligible to apply for the district school of innovation. The application process will be available online during the second semester of the previous school year. It is recommended that students who wish to attend have 95% attendance, little to no disciplinary issues, and at least a GPA of 2.0. Through the school of innovation, students will complete half day blocks in which they will take courses geared toward their chosen career and/or technical pathway and they will complete the remainder of their daily schedule at their home high school. The pathways offered at FCSI are challenging and geared toward developing student empowerment, ideation, and confidence.

Rules, Procedures, and Expectations:

FCSI is a PBIS (Positive Behavioral Intervention and Supports) school. The school uses tiered system interventions to help in promoting positive behavior, while correcting undesirable behaviors.

The request will be granted based upon the approval by FCSI administration and the principal/counselor of the home high school.

Students Returning to High School

If a student exits FCSI and returns to their high school prior to the end of the year, the student/parent or guardian will be responsible for reimbursement to the Floyd County Board of Education for any fees associated with the student's withdrawal. The following is a list of some (not all) of the possible fees a student may have: technology, assessment, college/university tuition, books, etc. The student/parent is also responsible for any damages or fees related to books or materials not returned in acceptable condition.
