The Kenton County New Educator Training (KC-NET) was developed as a result of the formal Kentucky Teacher Internship Program (KTIP) being dissolved. To grow and develop our future leaders in the Kenton County School District, the collaboration between the Kenton County School District and Thomas More University evolved. Through the Master of Education in Teacher Leadership Program at Thomas More, we can provide our teachers with experience and continued learning that is crucial for new teachers. District Leadership will teach two cohorts of aspiring teacher leaders as they learn standards associated with this specific Thomas More University accredited Master of Education program. Providing each new to the profession teacher a mentor teacher within their own school building is a component of KC-NET. Approximately \$2,600.00 will be spent from ARP Funds to provide mentor teachers training in working with teachers new to the profession.
