

May 20, 2023

Mr. Chuck Abell, Interim Superintendent
Spencer County Schools
207 W. Main Street
Taylorsville, Kentucky 40071

Dear Mr. Abell:

Sherman Carter Barnhart is pleased to submit our letter of interest to provide architectural services for the Spencer County Early Learning Center Partial Roof Replacement and Interior Renovation, Board Office Roof Replacement, the Multi-Purpose Building Roof Replacement, the Spencer Co. Elementary School Roof Replacement, HVAC Renovation & Security Upgrades, and the Spencer Co. Middle School Roof Replacement, HVAC Renovation & Security Upgrades. Since 2000, we have enjoyed partnering with the Spencer County Board and truly appreciate the relationships we have built within the district.

Sherman Carter Barnhart strives to build long-term client relationships. We listen, respond, and meet aggressive schedules to exceed your expectations. Our team, Associate Principal/Project Manager Allison Commings, AIA, LEED AP, and Principal in Charge, Justin McElfresh, AIA, LEED AP, will continue working with you, managing the projects to meet your goals, budget, and schedule.

Sherman Carter Barnhart has provided architectural services for over 170 roof replacements, as well as numerous HVAC renovations. In addition to this experience, Sherman Carter Barnhart designed the first secured entry vestibule in a school. Since then, our design solutions continue to evolve and we will work with Spencer County to develop the best solution for the security upgrades at the middle and elementary school.

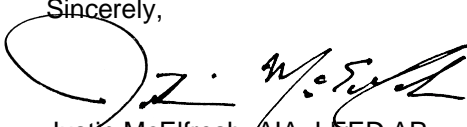

Our success with all projects is a result of a detailed and thorough quality assurance process throughout the design and construction phases, including established pre-installation and installation meetings throughout construction, pre-roofing review, interim roof reviews during construction and the final review with the manufacturer for final acceptance of the roof.

Our renovation success stems from a detailed approach, beginning with on-site reviews and close coordination with your team to understand your goals.

Sherman Carter Barnhart knows all re-roofs and renovations are challenging and unique. However, our experience and unmatched quality assurance process will provide Spencer County detailed and accurate information to make well informed decisions to maximize your investment and successfully complete these projects.

We appreciate the trust you've placed in us over the past 22 years and value our partnership with Spencer County Schools. We're eager to support your school facility upgrade goals.

Sincerely,

Justin McElfresh, AIA, LEED AP
Principal In Charge

Allison Commings, AIA, LEED AP
Associate Principal/Project Manager
