

PORTRAIT OF A LEARNER Wrap-Up and Discussion

*Sarah Snipes, OCIS
Tammy Schiff, Ed.D.*

BOARD OF EDUCATION RETREAT | AUGUST 2023

World Café Activity

Guiding Questions:

1. From your perspective, what are the aha's, benefits, challenges, watch outs, and burning questions from what you heard during the presentations?
1. Thinking about the four habits, which one(s) should the board lean into as they think about implementation of Portrait of a Learner and the potential for graduation requirement changes?

For example, what would it look like for the board to model reciprocity with our districts in reflecting on the implementation of PoL and changes to graduation requirements?

1. Considering the timeline (runway) for potential changes to graduation requirements, what supports are needed and what should KBE create or provide to ensure success for districts? For Teachers? For Students? For Families?

Discussion & Next Steps
