Action Item for Vote (PLANNING MEETING)

Superintendent Prior Approval: No

Recommendation/Motion: A motion is in order to approve the KDE School Community Nutrition (SCN) Adult Meal Price Calculator to determine that the adult meal prices meet the minimum requirement for school meal programs on an annual basis or as needed.

Background/Rationale: On July 17, 2023, the Department of Child Nutrition received guidance from KDE regarding Adult Meal Prices for SY 23-24. The school meal programs funded by National School Lunch Act and the Child Nutrition Act are for the health and well-being of children, but school staff members are allowed and encouraged to eat school meals. Because school meal programs are for students, federal reimbursements, children's payments, and other non-designated nonprofit food service revenues cannot subsidize adult meals. Adult meals are considered non-program meals. At a minimum, adult meal prices must be equal to or greater than the sum of the federal assistance received for student meals. The Adult Meal Price Calculator will be used annually and as needed to determine adult meal pricing and adjusted when needed. See attached document regarding meal calculation.
