August 7, 2023

Dear Mrs. Wasson & Mr. Brewer:

I am requesting permission for the Powell County Cross Country Team (K-12) to be transported by their parents during the 2023 Cross Country season for certain meets during our season.

Due to our exaggerated schedule of races with elementary, middle school and high school kids, it would be best for us to travel in this manner to help our parents and students. We as coaches can't stay back and watch kids when other students are either preparing in their warm-ups or actually competing in their race. This will also allow parents to sign their students out once they have competed and leave.

Our parents are willing to sign the procedure form (09.36 AP.2) in order to comply with school board policies and procedures.

Thank you for your consideration and cooperation. We appreciate your support.

Sincerely,

Julie Clark
