Dear board of education

I need to get my diploma and want to do the hardship I signed the forms and I finished my classes I finished all my court Our house burnt down and I got to get a job We was living with some family but we got to get our own place. No body will hire me until I show them my diploma. My mom has a lot of kids to take care of and she is the only one with a job and she needs help. I work with Ms Gravte and she helped me with my classes and I done the classes mr. bond told me to do. I have a hard tiem going to school and i dont want to get in trouble. I done what i was supposed to do. Please let me get my diploma and get a job

Thank you

Dear Board of Education

I want my son to do hardship graduation. Last year he was told that he could do certain things and finish when he turned 17. Look at my sons history and he has a lot of struggles with school This is the best place he has done and got the best grades. He saw that he could get a diploma and not drop out. I want him to finish. If he cant his will have a hard time and I don't want him to do anything wrong, it is on the right track and really wants to work.He finished his classes and needs his diploma to get a job. Our house burned down a few months ago and we were living with family and we have to get our own place now. He worries about me and having to do it all on my own. He did all the things he is supposed to do and what the court says and he is just waiting on his diploma. It is very important he gets a good job and the good ones have to have a diploma.

Thank you

Allen County Board of Education:

I am writing to support a hardship application for Tyler Ferguson. Tyler enrolled from out of district to Patriot Academy the 22-23 school year. He enrolled in the Freedom In-Person Program to continue course requirements. At the end of the semester, Tyler transferred to the Liberty Virtual Program. Tyler has met all required credits, passed his Civics test, and benchmarked in reading on the KYOTE assessment to meet the college and career readiness requirement. Tyler finalized his Individual Learning Plan at the end of the 22-23 school year. Tyler works well with me and is always willing to do what he is asked to do. School is hard for Tyler, but he buckled down last year and met goals. I am not sure he has had that positive of an experience with school in the past. Patriot Academy was a great place for Tyler to complete his last requirements.

Tyler shows quite a bit of concern regarding their home life. Their home caught fire at the end of the school year and he has struggled to get past that experience. He feels a sense of obligation to help in any way he can. He is currently working part time doing odd jobs and is interested in a job in construction. In talking with Tyler and his mother, they are each being told that without a diploma, he can not be hired. He has the desire to move forward and begin his career.

Thank you for taking the time to consider approving a hardship graduation for Tyler.

Sincerely,

Allyson Gravette
