Positive Developments and Highlights	<p>The office has received several positive responses and feedback from the membership about the change in venue to return back to the Kentucky Horse Park.</p>
Championship Update/Review	<p>We have made initial contact with the event management at the Horse Park and are quickly planning the 2023 state meet for October 28. During regional meetings of schools, we were sure to remind administrators of the change in venue and the schedule to revert back to all 6 races (3 classes) to one day. Also reminded administrators that this was an ACT date and to have athletes and parents plan accordingly.</p>
Staff and Worker Update	<p>We would like to thank the cross country coaching staff and athletic department at Bourbon County High School, as well as the entire Bourbon County community, for their hard work and generosity over the past three years. That community embraced our staff and this event with open arms in order to help give kids a great experience, and we are forever grateful.</p>
