

Teaching and Learning

9-25-23

CSIP/CDIP process is now open with Phase One of assurances and the district overview.

Elementary will be needing to monitor students closely for Senate Bill 9 requirements. Discussions at the Instructional Leader's meeting revolved around the topic of this legislation. It seems that many others are seeing what we are - students in lower elementary who lost valuable foundation time to Covid and virtual instruction are in need of attention to address that lost classroom time.

Diagnostics are being completed in both buildings, and we will be looking to gauge current performance levels of students. We will compare to the spring KAS scores and triangulate the information for student programming.

Instructional meetings have begun in both buildings. There has been some very rich and engaging conversations. Focus has been comprehensive of academics, staffing, walkthrough instruments and growth opportunities.

Overall, I believe we have had a strong start to the school year – we will now strive for longitudinal consistency.
