

Standards-Based Grading

Mapping out the road to success for grading and feedback in WCPS

What is Standards Based Grading?

Standards-Based Grading is a student-centered approach that is focused on measuring students' mastery of specific standards which targets learning, feedback and growth.

What is standards based grading?

Standards Based Grading:

- Uses a scale of Area of Concern, Progressing, Meets, or Exceeds
- Grade is based on most recent evidence
- Assignments are assessed by mastery and competence of each standard

Why Standards Based Grading?

Standards-Based Grading provides teachers, students, and parents with a more accurate picture of what a child knows and is able to do.
