

From Coach Casey Napier:

Stipend Proposal: I am writing on behalf of the Boys' Basketball program at Allen County-Scottsville High School to propose a financial contribution to the School District for the 2023-24 basketball season. The proposal centers on an added stipend for a paid assistant coaching position to support the contributions of Coach Cole Arvin for this season. Coach Arvin will work to help with practice sessions, game strategies, player development, and overall program organization.

*Will come out of
Basketball boosters.
