

Physical Activity Environment Assessment

Schools play a crucial role in influencing lifetime physical activity behaviors. Evidence supports a correlation between test scores and the physical well-being of students. Allen County Schools provide facilities and sound curriculum/policies to create an encouraging environment for a variety of physical opportunities.

Program/Activity	Elem.	Middle	High
Provide daily recess	Y	Y	N
Provide intramural physical activity opportunities	Y	Y	Y
Provide extra-curricular physical activity opportunities	Y	Y	Y
Offer facilities to families/community for physical activity opportunities	Y	Y	Y
# of certified Phys. Ed teachers	2	1	2
Physical activities offered after school	Y	Y	Y

James E. Bazzell Middle School

Allen County-Scottsville High School

Highlights

Extracurricular Physical Activity Opportunities

- Several outdoor walking trails have been developed for public use. School playgrounds are modern, safe and available to the public at large on a year-round basis.
- Other extracurricular activities available include youth soccer, Little League football, baseball, softball, basketball, cheerleading and run clubs through several school and community organizations.
- Marching band, Winter Guard, cross country, swimming, golf, volleyball, tennis, track & field, baseball, football, basketball, cheerleading, softball, fishing, soccer, archery, and JROTC are available as organized school sports.

Additional Nutrition Information:

- School meals offer age appropriate serving sizes that include 1% chocolate or white milk, fruit, vegetables, proteins, and grains. Students must take at least ½ cup of vegetable or fruit with their reimbursable meal.

The Allen County School District is an equal opportunity provider.

National School Lunch

The National School Lunch program was established in 1946 as a “measure of national security to safeguard the health and well-being of the Nation’s children.” School districts receive federal reimbursement for each school lunch served that meets the U.S. Department of Agriculture nutrition guidelines. These guidelines promote meal quality while commodity donations help the farmer and help schools keep meal cost lower.

School menus are planned in accordance with the recommended daily allowances (RDA) as specified by the national Academy of Sciences and must meet the meal pattern requirements as specified by the U.S. Department of Agriculture. We are committed to providing a nutritious, appetizing and economical meal for each student every day.

Menus are sent to students, parents & staff thru Parent Square and are also available at the following: *The Citizen-Times*, WVLE Radio, www.allen.kyschools.us.

Allen County Intermediate Center

National School Breakfast

The School Breakfast program was established in 1966. Studies confirm that students who eat breakfast work faster, behave better, are more creative and make fewer mistakes. They score higher on tests, miss fewer days, improve attention spans and develop better social skills. Classroom attention, attendance and achievement are all improved by breakfast participation. All schools offer nutritious choices for breakfast that meet the USDA Nutritional Guidelines.
