

Board Memorandum

November 9, 2023

To: Henderson County Board of Education

From: Kasey Farmer Wolfe, DPP

Subject: Change Extended Learning Day to a NO SCHOOL DAY

Currently, April 8, 2024 is marked as an Extended Learning Day on the 23-24 Academic Calendar.

I am respectfully requesting that April 8, 2024 be changed from an Extended Learning Day (extra professional training day in which the school district pays an extra stipend to the teacher should the teacher choose to attend) to a NO SCHOOL DAY for both students and staff.

The solar eclipse is expected to highly congest area roads and highways between 2 -4 pm causing transportation and roadway delays.
