As part of its annual awards program, the National Federation of State High School Associations (NFHS) Coaches Association recognizes Coach of the Year honorees from each state. Those named Coach of the Year at the state level then advance for consideration for Sectional Coach of the Year honors. Winners are chosen through a combination of their coaching accomplishments, particularly for the season in question, as well as their contributions outside of competition to help grow their respective sports. These awards are announced following the recognized year.
