If it is later determined that the contractor knowingly rendered an erroneous certification, in addition to remedies available to the Kenton County Board of Education, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The contractor agrees to comply with the requirements of 2 CER 180 .220 while this offer is valid and throughout the period of any contract that may arise from this offer. The contractor further agrees to include a provision requiring such compliance in its lower tier covered transactions.*

- ii. The contractor must separately identify for each cost submitted for payment to the School Food Authority (SFA) the amount of that cost that is allowable (can be paid from the non-profit school food service account) and the amount that is unallowable (cannot be paid from the non-profit school food service account);
- iii. The contractor must exclude all unallowable costs from its billing documents and certify that only allowable costs are submitted for payment and records have been established that maintain the visibility of unallowable costs, including directly associated costs in a manner suitable for contract cost determination;
- iv. The contractor's determination of its allowable costs must be made in compliance with the applicable Departmental and Program regulations and Office of Management and Budget cost circulars;

Buy American definition of domestic commodity or product:

*The term "domestic commodity or product" means – (i) An agricultural commodity that is produced in the United states; and (ii) A food product that is processed in the United States substantially using agricultural commodities that are produced in the United States. "Substantially" means over 51 percent of the final processed product consists of agricultural commodities that were grown domestically.*

Products from Guam, American Samoa, Virgin Islands, Puerto Rico, and the Northern Mariana Islands are allowed under this provision as territories of the United States. The Buy American Act (7 CFR 210.21(d)) is one of the procurement standards SFAs must comply with when purchasing commercial food products serviced in the school meal programs.

ALL Products that are normally purchased by the contractor as non-domestic and proposed as part of this solicitation must be identified with the country of origin. Contractor shall outline their procedures to notify the school when products are purchased as non-domestic. Any substitution of a non-domestic product for a domestic product (which was originally part of the solicitation) must be approved, in writing, by the Food Service Director, prior to the delivery of the product. Any non-domestic product delivered to the school, without prior written approval from the Food Service Director, will be rejected.
