Currently, KCS D has 45.9% of the families who qualify to receive Free and Reduced Meals. The Do Good Grant sponsored by the Joe Burrow Foundation is donating money to the Kenton County School District. These funds are to expand the FRYSC resources that address the needs of KCS D families with food insecurities. The full donation amount will be deposited in a district account called "The Joe Burrow Foundation." FRYSC coordinators or the school's designee will identify when a family is in need of food support and will make a request to use the "The Joe Burrow Foundation" funds. Kenton County School District

The Burrow Family believes that they have a responsibility to do good and we are so honored to have this platform to Do Good in our community.

The purpose of the Do Good Grants was to provide resources and opportunities to the underprivileged and underserved. We received more than 130 applications, and it was inspiring to see all the great work in all three communities that Joe has called home.

We are excited to share that your organization has been selected for funding for this round. Thanks to your great work, the foundation will send funding in the amount of [REDACTED] for Kenton Country School District to help support families struggling with food insecurity. The goal of this funding is to be a resource for the Family Resource Coordinators in the district to serve those families most in need. We trust that the funding will be used for the necessary items for families with the Coordinators to help guide those decisions.

Please send your W9 and invoice for the amount listed above and we will submit for payment.

Also, we hope you will share this news but not share the amount granted so that may remain confidential for our partnership. We are excited to partner with Kenton County Schools District.

Thank you for the great work you are doing and we look forward to watching your organization succeed!
