We would like to nominate Mrs. Katelyn Emery for Certified Employee of the Month.

Mrs. Emery joined the GOS family as a 3rd grade math teacher five years ago and now teaches 5th grade math. Mrs. Emery is a natural teacher, and you can always find her making learning fun and engaging in her classroom. She forms strong relationships with her students and pushes them to succeed at the highest levels. Mrs. Emery is a leader on our math team and yet still goes above and beyond to continue to learn and grow in her profession.

In her classroom, Mrs. Emery makes math fun and engaging, sometimes so much so that her students don't even realize the high level of rigor she's implementing. Her student products are always of the highest quality and exemplary of the work expected from GOS students. She mixes the way business is done at Glenn O. Swing with fun and creative teaching strategies which results in students who enjoy coming to school and excellent academic results. In her first year in 5th grade, Mrs. Emery's students achieved 75% proficiency on KSA- a true testament to her natural teaching abilities and desire to push her students to their fullest potential.

Mrs. Emery is also the vertical 3rd-5th grade math team lead. She is a born leader, and you can often find her in other math teachers' classrooms giving them

feedback and coaching them on how to improve their skills. Not only does she want to succeed, but she also wants her peers to succeed. She understands the importance of being a team player and the vitality of collaboration. This past summer, Mrs. Emery attended the Model Schools Conference to help improve her abilities in the classroom, and then pass her knowledge to others.

Whether its leading in her classroom, or supporting in another classroom, Mrs. Emery is an asset to Glenn O. Swing. For this reason, and so many others, she is truly deserving of the Certified Employee of the Month recognition.
