

Lily Gay
January Student of the Month
Talton K. Stone Middle School

Lily Gay is an excellent representative for TK Stone. She is an All-A student and an avid participant in a wide variety of extracurricular activities. She is in Beta, Student Council, Pep Club, FBLA, Sources of Strength, Volleyball, and Basketball. She also participates in Cheer at CKA.

Her involvement in all of these activities has taught her a lot about commitment and responsibility. She has to work hard to manage her time and keep her grades up. She enjoys being involved in a lot of activities at school and outside of school. She loves sports and wants to try all that she can. Next up is track!

Lily is undecided on her future career, but she enjoys decorating, organizing and helping others. She enjoys all of her teachers and friends at TK Stone and looks forward to going to EHS for the variety of electives and interesting classes.

Lily's role models are her parents because she admires their dedication and hard work in their careers, which has led to a lot of success.

Lily is so much fun to have in class! She does everything that is asked of her and is just so positive! Even when she is struggling with a concept, she will do her best - and not complain - which is rare for many middle schoolers! She helped so much with the Sources of Strength initiative and didn't even begin the year as part of the group. She helped me with various tasks during yearbook class. She has been invaluable to have involved with our yearbook this year! She is an all hands on deck student who helps when and where needed. Lily definitely exemplifies #whatexcellencelookslike! - Mrs. T. Thomas

Lily is a great student and role model for her classmates. She completes assignments to the best of her ability and is always looking for ways to improve herself and her group.- Mr. Price
