Re: 2023 - 2024 District Improvement Plan

Date: January 10, 2024

For the board's consideration, please review the components of our district improvement planning process for the 2023-2024 school year as required by the Kentucky Department of Education per 703 KAR 5:225. Below are the requirements and timeline for completion. Our process included district leadership meetings and a stakeholder meeting on December 7, 2023 with certified and classified staff, parents, teachers, community members, and school and district leadership. Included are the documents and any relevant attachments. Please let me know if you have any questions or areas for update or revision.

Upon your approval, we will continue to monitor our progress for each of the activities within the improvement plan and will post items on our district website for public access.

There are three additional components, Continuation of Learning Plan, Professional Development Plan, and English Learner Plan (Lau Plan), that are due May 1, 2024 and will be presented to you at a future board meeting.

The documents included are as follows with due dates within Cognia online system as set by KDE:

- HCS 2023-2024 Continuous Improvement Diagnostic due by October 1, 2023
- HCS 2023-2024 Executive Summary due by October 1, 2023
- HCS 2023-2024 Need Assessment due by November 1, 2023
- HCS 2023-2024 District Assurances due by November 1, 2023
- HCS 2023-2024 District Safety Report due by November 1, 2023
- HCS 2023-2024 Superintendent's Gap Assurance due by January 1, 2024
- HCS 2023-2024 Comprehensive District Improvement Plan due by January 1, 2024
