Redistricting Report

- 3 virtual trainings with trainer, Justin Hightower, in December and January.

- Trainings have included: how to maneuver around the program, how to create boundaries and how to add student locations that did not automatically transfer from Infinite Campus.

- Out of the 3000 students in our schools, approximately 680 student's physical home location did not transfer automatically so their address had to be manually put on the map. This did cause a bit of a delay because it was quite time consuming.

- As of yesterday, all students have been transferred or manually put on the Marion County map in the system.

- The next steps are to create balanced boundary lines between the middle schools and elementary schools.
