The following information summarizes student cases for which the parents and medical professionals have requested a modified attendance schedule for students with disabilities. The students are identified by number in order to maintain confidentiality. There is documentation of medical necessity for the modified schedules, and the modified schedules have been recommended for approval by the Admissions and Release Committees (ARC). Full documentation is on file in the office of Director of Special Education.

This student has a diagnosis of Attention Deficit Hyperactivity Disorder. An ARC meeting was held on 12/12/23, during which the recommendation for a shortened school day was approved (Monday through Friday, 9:00 AM to 1:00 PM). A physician's statement was submitted requesting this accommodation for the student's behavioral health needs. The modified schedule will be approved through this school year and will be reviewed at the next annual review meeting on or before 4/10/24.
