

Dress and Appearance

When purchasing athletic uniforms, the following guidelines shall be followed:

1. Red (Hex Code cf142b or Pantone #185c), white, and royal blue (Hex Code 0032A0 or Pantone 286C) are the school colors.
2. Uniforms must incorporate all three (3) colors (red, royal and white) and be approved by the Athletic Director, Building Principal, and Coach.
3. Teams are permitted to wear alternate color uniforms for up to 10% of their total games in a given season. The purchase of alternate color uniforms shall be the responsibility of booster clubs associated with the respective teams. Alternate color uniforms are not considered part of the district's standard uniform rotation.
4. Football teams may wear gray pants. Baseball and Softball teams may wear gray uniforms. The Volleyball team may wear black shorts.
5. Solid colored apparel bought with school money by sports teams must incorporate all three (3) colors: red, white and royal blue.
6. Any individual, club, sports team or school group incorporating the Board approved district logo must not alter the graphic in any way other than stated in approved minutes, March 8, 2005. The text font of the district logo is Bookman Demi and must be used at all times when duplicating this logo.
The "County Schools" section of the logo may be interchanged with titles of a club, sport or group identified with the District. The logo is the property of the Mercer County Schools and cannot be used by an individual or group outside of the Mercer County Schools. A copy of the logo is filed in the Superintendent's office.
7. Any individual, club, sports team or school group using school funds to purchase any of the above items shall follow board policy and procedure. Failure to do so may be at the expense of the individual or group
8. Any individual, club, sports team or school group incorporating the Board approved Titans graphic must not alter the graphic in any way unless previously approved by Principal and/or Athletic Director
9. Any individual, club, sports team or school group wanting to use a different logo other than the Titans graphics already approved by the Board, must submit the proposed logo/design to the Board for approval prior to its use. Logo must be previously approved by Building Principal and/or Athletic Director.
10. The "M" used in the District's logo is the official "M" of the school district. The "M" may be used as a stand-alone graphic without any text written through the letter (see the District logo design). There can, however, be text around, above or beneath the "M" as desired as long as it does not resemble the District's logo in any way.

Note: Cheerleading, Dance team, and Band are not held to the specific guidelines of school colors as these programs fall under a different category for competition and performance standards.
