## **2023-2024 Phase One: Continuous Improvement Diagnostic for Districts**

The **Comprehensive District Improvement Plan or CDIP** is defined as a *plan developed by the local school district with input of parents, faculty, staff, and representatives of school councils from each school in the district, based on a review of relevant data that includes targets, strategies, activities, and a time schedule to support student achievement and student growth and to eliminate achievement gaps among groups of students.*

The comprehensive school and district improvement plan process is outlined in 703 KAR 5:225. The requirements included in the administrative regulation are key components of the continuous improvement process in Kentucky and ultimately fulfillment of school, district, and state goals under the Kentucky State Plan as required by the Every Student Succeeds Act (ESSA).

While the regulation outlines a timeline for compliance purposes, the plan itself is a strategic and proven approach to improve processes and to ensure students achieve. The timeline for the district's 2023-24 diagnostics is as follows:

### **Phase One: August 1 - October 1**

- Continuous Improvement Diagnostic for Districts
- Executive Summary for Districts

### **Phase Two: October 1 - November 1**

- The Needs Assessment for Districts
- District Assurances
- District Safety Report

### **Phase Three: November 1 - January 1**

- Comprehensive District Improvement Plan
- The Superintendent Gap Assurance

### **Phase Four: January 1 - December 31**

- Non-Traditional Instruction Continuation of Learning Plan for Districts (Due May 1)
- English Learner Plan for Districts (Lau Plan) (Due May 1)
- Professional Development Plan for Districts (Due May 1)
- Progress Monitoring

***As superintendent of the district, I hereby commit to implementing continuous improvement processes with fidelity to support student achievement and student growth and to eliminate achievement gaps among groups of students. I also assure that the comprehensive district improvement plan is developed by the district with input from parents, faculty, staff, and where applicable, representatives of school councils from each school in the district, and other appropriate groups pursuant to ESSA Section 1112(a)(1)(A).***

## 2023-2024 Phase One: Executive Summary for Schools

### Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Cedar Grove Elementary is a community school with well-established neighborhoods and businesses within the school's district. We have approximately 400 students in PreK through 5th grade. Approximately 89% of our students are Caucasian and speak English only. Our faculty consists of teachers dedicated to the school, many of whom have spent the majority (if not all) of their career teaching at CGES. Family and community involvement is key to the small town culture of our school. Cedar Grove is located in the heart of the Cedar Grove industrial area with such businesses as Amazon, GFS and Best Buy neighboring our school.

### School Stakeholders

Identify and describe the school's stakeholder groups. How does the school ensure stakeholder involvement and engagement in the improvement planning process?

Stakeholders for our school include, but are not limited to, our parents, grandparents and guardians who entrust us with their children and support our efforts and needs. Our staff is an integral part of our stakeholder community as many of them are also parents of current and former CGES students. Our students are also included in our stakeholder population as we seek their input on issues throughout the year and we work to make decisions that impact them in the positive way. We have a very active Parent Teacher Organization and our SBDM council has parents representatives that share our story within their community.

### School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs, including the year in which they were last reviewed or revised. Describe how the school embodies its purpose through its program offerings and expectations for students and how stakeholders are involved in its development.

It is the mission of Cedar Grove Elementary School to provide a safe, child-centered environment with unity among school, families, and community as we strive to instill academic achievement, strong character development, and life-long learning. Cedar Grove Elementary offers students a robust curriculum that includes a strong academic core as well as music, art, physical education, and a STEM lab. Students have opportunities to excel in co-curricular programs that include archery, Academic Team, Chess Team, Energy Team, Robotics Club and a Student Technology

---

Leadership Team. We have common expectations that include a strong PBIS component.

### Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

We are very proud of our students and their accomplishments, both in and out of the classroom. Our archery program won the state championship recently and we also enjoy successes from our programs in Chess Club, STLP, Robotics and Energy Team.

### Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

## 2023-2024 Phase One: School Safety Report

### School Safety Report

Pursuant to KRS 158.162, the local board of education shall require the school council or, if none exists, the principal in each school to adopt an emergency plan that must be utilized in case of fire, severe weather, earthquake, or a building lockdown and that: establishes evacuation routes; identifies the best available severe weather zones; develops earthquake protocols for students; and, develops and adheres to practices controlling access to the school building. The emergency plan shall be annually reviewed by the council, principal, and first responders and revised as needed.

In addition to the emergency plan requirements in KRS 158.162, KRS 158.164 requires the local board of education to direct the school council or, if none exists, the principal in each school to establish procedures to perform a building lockdown and to invite local law enforcement to assist in establishing lockdown procedures.

KRS 158.162 also requires the emergency plan be discussed with all school staff prior to the first instructional day of the school year and provided, along with a diagram of the facility, to appropriate first responders. Further, the principal in each school shall conduct, at a minimum, the following emergency response drills within the first 30 instructional days of the school year and again during the month of January: one severe weather drill, one earthquake drill, and one lockdown drill. In addition, required fire drills shall be conducted according to administrative regulations promulgated by the Department of Housing, Buildings and Construction.

#### Questions Related to the Adoption and Implementation of the Emergency Plan

1. Has the school council or, where applicable, principal adopted an emergency plan in accordance with local board policy and in compliance with the specifications in KRS 158.162(3) and is a copy maintained on file in the school office?

*If the answer is "no", please explain in the comment box. Please note that Senate Bill 1 (2019) and Senate Bill 8 (2020) amended KRS 158.162(3)(d) to require, for example, classroom doors remain closed and locked during instructional time (with limited exceptions) as well as classroom doors with windows be equipped with material to quickly cover the window during a building lockdown. Schools are encouraged to comply with these changes as soon as practicable but, if needed, have until July 1, 2022 to fully implement. Accordingly, failure to comply with KRS 158.162(3)(d), as amended, shall be reported for the 2022-2023 school year and each year thereafter.*

YES

2. Has the school provided local first responders with a copy of the school's emergency plan along with a diagram of the school as required by KRS 158.162(2)(b)?

*If the answer is "no", please explain in the comment box.*

YES

3. Has the school posted primary and secondary evacuation routes in each room by any doorway used for evacuation as required by KRS 158.162(3)(a)?

*If the answer is "no", please explain in the comment box.*

YES

4. Has the school posted the location of severe weather safe zones in each room as required by KRS 158.162(3)(b)?

*If the answer is "no", please explain in the comment box.*

YES

5. Have practices for students to follow during an earthquake been developed as required by KRS 158.162(3)(c) and is a copy maintained on file in the school office?

*If the answer is "no", please explain in the comment box.*

YES

6. Are practices in place to control access to the school building, including but not limited to controlling outside access to exterior doors during the school day; controlling the main entrance of the school with electronically locking doors, a camera, and an intercom system; controlling access to individual classrooms; requiring classroom doors to remain closed and locked during instructional time (with limited exceptions outlined in statute); requiring classroom doors with windows to be equipped with material to quickly cover the windows during a lockdown; requiring all visitors to report to the front office of the building, provide valid identification, and state the purpose of the visit; and providing a visitor's badge to be visibly displayed on a visitor's outer garment as required by KRS 158.162(3)(d)?

*If the answer is "no", please explain in the comment box.*

YES

7. Was the school's emergency plan reviewed following the end of the prior school year by the school council, principal, and first responders and revised as needed as required

by KRS 158.162(2)(c) and is a copy maintained in the school office?

*Please provide the most recent date of review/revision of the school's emergency plan in the comment box. If the answer is "no", please explain in the comment box.*

YES - August 29, 2023

8. Did the principal discuss the emergency plan with **all** school staff prior to the first instructional day of the current school year and appropriately document the time and date of such discussion as required by KRS 158.162(2)(d)?

*Please provide the date the school completed this discussion in the comment box. If the answer is "no", please explain in the comment box.*

YES - August 7, 2023

9. During the first 30 instructional days of the current school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(5) and are the drills maintained in the appropriate drill log for the given school year?

*If the answer is "no", please explain in the comment box.*

YES

10. During the month of January during the prior school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(5) and is a copy maintained on file in the school office?

*If the answer is "no", please explain in the comment box.*

YES

11. Over the immediately preceding twelve months, did the principal conduct fire drills in accordance with administrative regulations promulgated by the Department of Housing, Buildings and Construction as required by KRS 158.162(5)?

*If the school did NOT meet the requirement, respond "no" and please explain further in the comment box.*

YES

## **2023-24 Phase Two: The Needs Assessment for Schools**

### **Understanding Continuous Improvement: The Needs Assessment for Schools**

The Needs Assessment Diagnostic will facilitate the use of multiple sources of data to determine the current reality and establish a foundation for decision-making around school goals and strategies. Once completed, the diagnostic will lead to priorities to be addressed in the comprehensive school improvement plan to build staff capacity and increase student achievement. The needs assessment is to be conducted annually as an essential part of the continuous improvement process and precedes the development of strategic goals (i.e. desired state).

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

The needs assessment provides the framework for all schools to clearly and honestly identify their most critical areas for improvement that will be addressed later in the planning process through the development of goals, objectives, strategies and activities. 703 KAR 2:225 requires, as part of continuous improvement planning for schools, each school to complete the needs assessment between October 1 and November 1 of each year and include: (1) a description of the data reviewed and the process used to develop the needs assessment; (2) a review of the previous plan and its implementation to inform development of the new plan; and, (3) perception data gathered from the administration of a valid and reliable measure of teaching and learning conditions.

#### **Protocol**

1. Clearly detail the process used for reviewing, analyzing and applying data results to determine the priorities from this year's needs assessment. Include names of school councils, leadership teams and stakeholder groups involved, a timeline of the process, the specific data reviewed, and how the meetings are documented.

Data is reviewed in a variety of methods and by a multitude of groups, to include but not limited to, SBDM council, PTO, team leaders, staff PLC meetings, Title I parent nights. Groups document each meeting with an agenda and minutes.

#### **Review of Previous Plan**

2. Summarize the implementation of the goals, objectives, strategies and activities from the previous year's Comprehensive School Improvement Plan (CSIP). What was successful? How does it inform this year's plan?

The primary focus was literacy instruction and learning at both the primary and intermediate levels. Due to learning losses during the pandemic, we prioritized identifying and supporting students who were not at the appropriate grade level in reading and math. Staff members worked intentionally with students, using

---

previous year and current year data, to reduce the number of students who were not reading at the correct grade level.

### Trends

3. Analyzing data trends from the previous two academic years, which academic, cultural and behavioral measures remain significant areas for improvement?

### Example of Trends

- The number of behavior referrals increased from 204 in 2021-22 to 288 in 2022-23.
- From 2021 to 2023, the school saw an 11% increase in novice scores in reading among students in the achievement gap.

See Attachment

### Current State

4. Plainly state the current condition of the school using precise numbers and percentages as revealed by multiple sources of outcome data. Cite the source of data used.

### Example of Current Academic State:

- Thirty-four percent (34%) of students in the achievement gap scored proficient on Kentucky Summative Assessment (KSA) in reading.
- Fifty-four percent (54%) of our students scored proficient in math compared to the state average of 57%.

### Example of Non-Academic Current State:

- Teacher attendance rate was 84% for the 2022-23 academic year.
- Survey results and perception data indicated 62% of the school's teachers received adequate professional development.

See Attachment

### Priorities/Concerns

5. Clearly and concisely identify the greatest areas of weakness using precise numbers and percentages.

**NOTE:** These priorities will be thoroughly addressed in the Comprehensive School Improvement Plan (CSIP) diagnostic and template.

---

**Example:** Sixty-eight percent (68%) of students in the achievement gap scored below proficiency on the Kentucky Summative Assessment (KSA) in reading as opposed to just 12% of non-gap learners.

See Attachment

### Strengths/Leverages

6. Plainly state, using precise numbers and percentages revealed by current data, the strengths and leverages of the school. Explain how they may be utilized to improve areas of concern listed above.

**Example:** Reading achievement has increased from 37% proficient to its current rate of 58%. The systems of support we implemented for reading can be adapted to address our low performance in math.

See Attachment

### Evaluate the Teaching and Learning Environment

7. Consider the processes, practices and conditions evident in the teaching and learning environment as identified in the six Key Core Work Processes outlined below:

KCWP 1: Design and Deploy Standards

KCWP 2: Design and Deliver Instruction

KCWP 3: Design and Deliver Assessment Literacy

KCWP 4: Review, Analyze and Apply Data Results

KCWP 5: Design, Align and Deliver Support

KCWP 6: Establish Learning Environment and Culture

Utilizing implementation data, perception data, and current policies and practices:

a. Complete the Key Elements Template.

● **b. Upload your completed template in the attachment area directly below.**

 CGES School Key Elements

8. After analyzing the Key Elements of your teaching and learning environment, which processes, practices or conditions will the school focus its resources and efforts upon in order to produce the desired changes?

Note that all processes, practices and conditions can be linked to the six Key Core Work Processes.

**NOTE:** These elements will be thoroughly addressed in the Comprehensive District Improvement Plan (CSIP) diagnostic and template.

## 2023-24 Phase Two: School Assurances

### Introduction

Assurances are a required component of the improvement planning process (703 KAR 5:225). Please read each assurance carefully and indicate whether your school complies by selecting the appropriate response (Yes, No or N/A). If you wish to provide further information or clarify your response, space for comments is provided. Comments are optional. You may upload any supporting documentation as needed.

#### Federal Programs

1. If the school receives Title II, Part A funds, the school provides professional development for staff that is in accordance with the purpose of Title II, Part A of ESSA (job-embedded, evidence-based, sustainable, data-driven and classroom-focused); addresses the needs of all students; and, strives to ensure all students are transition ready as intended by Section 2103 of ESSA, which governs the local use of Title II, Part A funding.

## 2023-24 Phase Three: Comprehensive School Improvement Plan

### Rationale

School improvement efforts are a collaborative process involving multiple stakeholders. During the improvement planning process, leaders focus on priority needs, funding, and closing achievement gaps between identified subgroups of students. When implemented with fidelity, the Comprehensive School Improvement Plan (CSIP) cultivates an environment that promotes student growth and achievement.

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

For those schools operating a Title I Schoolwide Program, this plan meets the requirements of Section 1114 of the Every Student Succeeds Act as well as state requirements under 703 KAR 5:225. **No separate Schoolwide Program Plan is required.**

### Operational Definitions

**Goal:** Long-term three- to five-year targets based on the required school level goals. Elementary/middle schools must have goals for state assessment results in reading and mathematics, state assessment results in science, social studies and writing, achievement gap, English learner progress, and quality of school climate and safety. High schools must have goals for state assessment results in reading and mathematics, state assessment results in science, social studies and writing, achievement gap, English learner progress, quality of school climate and safety, postsecondary readiness, and graduation rate. Long-term targets should be informed by the Needs Assessment for Schools.

**Objective:** Short-term target to be attained by the end of the current academic year. Objectives should address state assessment results and/or aligned formative assessments. There can be multiple objectives for each goal.

**Strategy:** An approach to systematically address the process, practice, or condition that the school will focus its efforts upon, as identified in the Needs Assessment for Schools, in order to reach its goals or objectives. There can be multiple strategies for each objective. The strategy can be based upon Kentucky's six (6) Key Core Work Processes listed below or another established improvement approach (i.e. *Six Sigma, Shipley, Baldrige, etc.*).

**Key Core Work Processes:** A series of processes identified by the Kentucky Department of Education that involve the majority of an organization's workforce and relate to its core competencies. These are the factors that determine an organization's success and help it prioritize areas for growth.

KCWP 3: Design and Deliver Assessment Literacy  
KCWP 4: Review, Analyze and Apply Data Results  
KCWP 5: Design, Align and Deliver Support  
KCWP 6: Establish Learning Environment and Culture

**Activity:** Actionable steps used to deploy the chosen strategy. There can be multiple activities for each strategy.

**Measure of Success:** Criteria that shows the impact of the work. The **measures** may be quantitative or qualitative but are observable in some way.

**Progress Monitoring:** Process used to assess the implementation of the plan, the rate of improvement, and the effectiveness of the plan. The description should include the artifacts to be reviewed, specific timelines, and responsible individuals.

**Funding:** Local, state, or federal funds/grants used to support (or needed to support) the improvement in

#### Requirements for Building an Improvement Plan

The required goals for elementary/middle schools include the following:

- State Assessment Results in reading and mathematics
- State Assessment Results in science, social studies and writing
