Middle School Administrators Statewide Meeting

**Takeaways to help
Board and Staff**

The KHSAA staff conducted a virtual training for Middle School Administrators on November 16. Approximately 175 were in attendance and staff covered specifics of the middle school state regulation. In addition, staff was available to answer questions about the regulation and other hot topics surrounding middle school athletics.

General Commentary

The virtual meeting was well received and additional administrators were able to attend because it was virtual and there were no travel costs.
