Dr. Radford,

I wanted to steal a second of your time to thank you for stopping by and asking for feedback. It really shows how committed you are to making our team the best we can be! I can't remember a time in the last 15 years that there has been such an effort to collect feedback from teachers. I also can't remember a time when I have seen district leaders in our school so frequently. I know that your efforts to collect feedback and to be an active member of our school community are greatly appreciated by all. Thanks!
